Excerpt: . psychic suggestions The revelations of the ancient teachers of the Orient, through their modern representatives and the revelations of our present-day scientists concerning mental and psychic phenomena, have made the most profound impression on the thinking classes. Until a generation ago we had but rarely witnessed these phenomena save in unclassified, in unimportant and unnoticeable instances. They created no general impression as they now do. The time came, however, when scientists began interesting themselves in these super-normal experiences, presenting so many complex psychological problems which they could not ignore. Investigation after investigation was carried on with this and that bearing, but the ultimate consequence was that psychology has become an almost new science, so many were the discoveries and correlative inferences which altered the old ideas of the mind and its phenomena. Other branches of science, including chemistry and biology, have likewise felt...
