

Interdisciplinary Interaction Design A Visual Guide to Basic Theories, Models and Ideas for Thinking and Designing for Interactive Web Design and Digital Device Experiences

By James Pannafino

Assiduous Publishing. Paperback. Book Condition: New.

Paperback. 108 pages. Dimensions: 8.7in. x 6.0in. x 0.6in. Interaction design has many dimensions to it. It addresses how people deal with words, read images, explore physical space, think about time and motion, and how actions and responses affect human behavior. Various disciplines make up interaction design, such as industrial design, cognitive psychology, user interface design and many others. It is my hope that this book is a starting point for creating a visual language to enhance the understanding of interdisciplinary theories within interaction design. The book uses concise descriptions, visual metaphors and comparative diagrams to explain each terms meaning. Many ideas in this book are based on timeless principles that will function in varying contexts. The book will give you: Concise explanations and visual representations of over a dozen different disciplines theories and ideas. Great starting point for courses that deal with interactive design, Web design, user experience, interface design and new media. Foundational book for timeless interdisciplinary interaction design principles for both thinking and designing in the interactive world. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.

Reviews

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Brennan Koelpin**

Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
