## The Cultural Connection of Drugs.: An Account of Subcultures, Myths and Rituals with Regard to the Use of Ecstasy

By Jose Manuel Garcia-Montes, Marino Perez-Alvarez, Miguel Angel Sanchez-Moya

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This book is based on a critical view of the bio-behavioral model predominant in the study of drugs. A cultural viewpoint is proposed, with ecstasy as the reference. First it presents the use of ecstasy by groups who have left their imprint on the substance: young university students, gays, yuppies and members of the New Age movement. The link between ecstasy and techno music is shown, leading to the rave phenomenon. In spite of its clearly counterculture beginnings, the rave movement and its most characteristic drug, ecstasy, have gradually become integrated in the mainstream culture. This book explains ecstasy's path by calling on the cultural contradictions of capitalism and the functions that the substance may currently fulfil for youth. Based on this analysis, the implications of the cultural perspective are discussed as a new paradigm of research in the area of drugs, stressing notions of subculture, myths and rituals.

### Reviews

*A fresh e book with an all new viewpoint. It is really simplistic but unexpected situations in the 50 % from the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- Dawn Hane

*Completely among the finest ebook I actually have possibly go through. It is really basic but excitement from the 50 percent in the book. I am quickly could possibly get a pleasure of looking at a published ebook.*
