Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Spiritualism: A Popular History From 1847 Books about Spiritualism have been so numerous of late that the reader with little leisure probably finds it more difficult than ever to form an opinion. The only new work that can be of real use is a short and clear historical sketch of the entire movement. Those who make history, the living actors, rarely see its significance. The events of to-day take on swollen and gigantic forms, while the events of yesterday and the day before shrink into almost indistinguishable shapes on the dim horizon. It spoils one's perspective and sense of values. It obscures the real meaning of things. Life is a river rather than a procession. To understand it you must ascend the upper reaches, trace its tributaries, and glance at the hills and dales which directed the waters into the river-bed. Most useful of all would it be to rise high above the earth and survey the entire course, from the hill-sides on which the first showers fall to the point where the waters merge into the sea. That is to take an historical view of a human development, and no other view is quite so instructive. Spiritualism lends itself to this kind of view, as it is little more than seventy years old. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
