By Werner a. Mueller

Bright Pen. Hardcover. Book Condition: New. Hardcover. 64 pages. Dimensions: 10.0in. x 7.0in. x 0.2in. It is explained how it is determined whether a boy or a girl will be born, how the child can live entirely under water for nine months (therefore, in contrast to common belief, it can hear voices and music not undistorted). More key words are fertilization, embryonic development, amniotic sac and waters, placenta, and birth. This item ships from multiple locations. Your book may arrive from...
