Ansible Press, United States, 2015. Paperback. Book Condition: New. 202 x 126 mm. Language: English . Brand New Book ***** Print on Demand *****. Stephen Kotowych writes the mythic into the realism of life in modern day, proving that myths never die; they linger on well into the future. - SF Site Award-winning author Stephen Kotowych has been hailed as one of speculative fiction s talented up-and-comers by Publisher s Weekly, and the author of gloriously wild ideas by Locus. Now, in SEVEN AGAINST TOMORROW, he brings together a collection of seven new and previously published short-stories, heralding his arrival as one of the most exciting new voices in SF. From a symphony played on the rings of Saturn, to a love that defies the very bonds of time; from a young girl s destiny driven by a magic sword, to a young boy s confrontation with the robots who raised him- here are stories of wonder and awe, imagination and humanity, that will transport you from the edge of the cosmos to the intimacy of the human heart. SEVEN AGAINST TOMORROW includes an introduction by the author, illustrations, and behind-the-scenes commentary on the origin of each story. Now featuring a bonus 8th story! Under the Shield a novelette of love and murder set against the backdrop of a world torn apart by cold war and terror, all driven by the inventions of Nikola Tesla!.
