*Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Hungarian Specialities This book would not have come into existence had it not been inspired by the interest of our foreign visitors, which caused us to realize the need of dealing more widely with this subject matter. The Hungarian kitchen, the Hungarian folklore plays a very important role in the conquest that foreign tourist traffic has achieved in Hungary, especially during the past few years. That natural reserve with which all our foreign visitors regard our strange flavours, soon thaws into a definite liking for our dishes, and now they even desire the savour which is lacking in the western-style kitchen. These flavours and savours we serve in rich varieties. With this little book we wish to serve one purpose: to bring Hungary nearer to your hearts in giving you a glimpse into Hungarian life and in making you acquainted with our country. If this can be accomplished we are certain that you will become our friends. And we Hungarians have a great need of your friendship - so in order to achieve our goal we resort to the old Hungarian proverb: the way to the heart is through the stomach! We too have chosen this way, and in this manner our book intends to reach your hearts. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
