# PRODUCTION TECHNOLOGY OF RECOMBINANT THERAPEUTIC PROTEINS

Biotech Books/Daya Publishing House, 2004. Hardcover. Book Condition: New. An increasing number of recombinant therapeutic proteins are currently being developed, tested in clinical trials and marketed for use. Most of the recombinant therapeutic proteins are being successfully produced into *Escherichia coli* and *Pichia pastoris* expression system. These two expression systems are very much efficient and cost effective. This book takes a close look of these two expression systems and fermentation conditions, purification strategies of different recombinant proteins. This book also...
