This book shows how love has no color. It teaches children tolerance and acceptance of those who are of different races and cultures. It also touches on single motherhood and co-parenting outside of marriage. The story is written thru the eyes of her youngest son, (known as Drake in the book), and his interactions with each family member and his peers at school. My Rainbow Family sheds light on a unique and loving family that is an example of today s changing lifestyles and situations of the traditional nuclear family. Today s families really do come in all colors as more interracial marriages are taking place and producing children who have to deal with the social prejudice from insensitive, uneducated peers and or reluctant family members. This books touches everyone of all races, genders and ages with it s simplistic style and form.
