Ordnance Survey Memoirs of Ireland: 1833, 1835, 1838, Temple Patrick and District v.35

By -

The Institute of Irish Studies, United Kingdom, 1996. Paperback. Book Condition: New. 280 x 172 mm. Language: English . Brand New Book ***** Print on Demand *****.The Ordnance Survey Memoirs are a uniquely detailed source for the history of the northern half of Ireland immediately before the Great Famine. They were written in the 1830s to accompany the Ordnance Survey maps, but were not published at the time. In these new editions they act as a 19th century Domesday book and are essential to the understanding of the cultural heritage of their communities. They document the landscape and situation, buildings and antiquities, land-holdings and population, and employment and livelihood of the parishes. This volume contains the Memoirs for six parishes and granges towards the south of the county, an extensive area stretching from Lough Neagh to the north-western flanks of Belfast and containing part of the Six Mile Water.

Reviews

An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It's been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.

-- **Beverly Hoppe**

Extremely helpful for all class of individuals. Better than never, though I am quite late in starting reading this one. I realized this publication from my dad and he suggested this ebook to discover.
