Using the Experience API to Track Learning

By John Delano, Ali Shahrazad

American Society for Training & Development. Paperback. Book Condition: new. BRAND NEW, Using the Experience API to Track Learning, John Delano, Ali Shahrazad, Today most employee learning happens during unstructured on-the-job experiences, social interactions, and while perusing informal learning sources. The challenge for organisations is tracking and reporting on all of this learning in a consistent, reliable way. A great way to do this is by using the new learning technology specification, the Experience API (xAPI), which allows learning content and systems to speak to each other to record and track all types of learning experiences. In this Infonline , you will learn how and why the xAPI has emerged as the next-generation learning standard how to implement xAPI in your organization the benefits and challenges of xAPI how to select appropriate training systems how to assess your organisation's readiness for this software standard. This Infonline also includes use cases to help you solve problems you may be experiencing in managing organisational learning, and to help you find new ways to support various types of learning experiences.

Reviews

Definitely among the best book I have got possibly study. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Olga Ledner MD**

Complete guide for publication enthusiasts. I have read and i am sure that i will going to study again once again in the future. Your way of life period will be transform once you total looking over this publication.
