Basic Health Publications, 2008. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Let's make our goal the raising of a generation of healthy young people who, through thoughtful participation in their world and sensible eating habits, will seek their best level of performance, develop it, and so build self-confidence through success." At age 6, for example, the attention span is less than a minute, so games and sports should be about movement, not about...
